Borough of South Greensburg

COUNTY OF WESTMORELAND
COMMONWEALTH OF PENNSYLVANIA

CERTIFICATION

BOROUGH OF SOUTH GREENSBURG

Office of the Borough Secretary

I, _____, Borough Secretary of the Borough of South Greensburg, hereby certify that the chapters contained in this volume are based upon the original ordinances and resolutions of the Borough Council of the Borough of South Greensburg and that said ordinances and resolutions, as revised and codified, renumbered as to sections and rearranged into chapters, constitute the Code of the Borough of South Greensburg, County of Westmoreland, Commonwealth of Pennsylvania, as adopted.

Given under my hand and the Seal of the Borough of South Greensburg, County of Westmoreland, Commonwealth of Pennsylvania, this ._____ day of .April, 2017, at South Greensburg, Pennsylvania.

PREFACE

The Borough of South Greensburg has, over the years, passed through a process of legislative change common to many American communities. While only a few simple laws were necessary at the time of the establishment of the borough, subsequent growth of the community, together with the complexity of modern life, has created the need for new and more detailed legislation for the proper function and government of the borough. The recording of local law is an aspect of municipal history, and as the community develops and changes, review and revision of old laws and consideration of new laws, in the light of current trends, must keep pace. The orderly collection of these records is an important step in this ever-continuing process. legislation must be more than mere chronological enactments reposing in the pages of old records. It must be available and logically arranged for convenient use and must be kept up-to-date. It was with thoughts such as these in mind that the Borough Council ordered the following codification of the borough's legislation.

Contents of Code

The various chapters of the Code contain all currently effective legislation (ordinances and certain resolutions) of a general and permanent nature enacted by the Borough Council of the Borough of South Greensburg, including revisions or amendments to existing legislation deemed necessary by the Borough Council in the course of the codification.

Division of Code

The Code is divided into parts. Part I, Administrative Legislation, contains all borough legislation of an administrative nature, namely, that dealing with the administration of government, that establishing or regulating municipal departments and that affecting officers and employees of the municipal government and its departments. Part II, General Legislation, contains all other borough legislation of a regulatory nature. Items of legislation in this part generally impose penalties for violation of their provisions, whereas those in Part I do not.

Grouping of Legislation and Arrangement of Chapters

The various items of legislation are organized into chapters, their order being an alphabetical progression from one subject to another. Wherever there are two or more items of legislation dealing with the same subject, they are combined into a single chapter. Thus, for example, all legislation pertaining to the regulation of streets and sidewalks may be found in Part II, in the chapter entitled "Streets and Sidewalks." In such chapters, use of Article or Part designations has preserved the identity of the individual items of legislation.

Table of Contents

The Table of Contents details the alphabetical arrangement of material by chapter as a means of identifying specific areas of legislation. Wherever two or more items of legislation have been

combined by the editor into a single chapter, titles of the several Articles or Parts are listed beneath the chapter title in order to facilitate location of the individual item of legislation.

Reserved Chapters

Space has been provided in the Code for the convenient insertion, alphabetically, of later enactments. In the Table of Contents such space appears as chapters entitled "(Reserved)." In the body of the Code, reserved space is provided by breaks in the page-numbering sequence between chapters.

Pagination

A unique page-numbering system has been used, in which each chapter forms an autonomous unit. One hundred pages have been allotted to each chapter, and the first page of each is the number of that chapter followed by the numerals "01." Thus, Chapter 6 begins on page 601, Chapter 53 on page 5301, etc. By use of this system, it is possible to add or to change pages in any chapter without affecting the sequence of subsequent pages in other chapters, and to insert new chapters without affecting the existing organization.

Numbering of Sections

A chapter-related section-numbering system is employed, in which each section of every item of legislation is assigned a number which indicates both the number of the chapter in which the legislation is located and the location of the section within that chapter. Thus, the first section of Chapter 6 is § 6-1, while the fourth section of Chapter 53 is § 53-4. New sections can then be added between existing sections using a decimal system. Thus, for example, if two sections were to be added between §§ 53-4 and 53-5, they would be numbered as §§534.1 and 534.2.

Scheme

The Scheme is the list of section titles which precedes the text of each chapter. These titles are carefully written so that, taken together, they may be considered as a summary of the content of the chapter. Taken separately, each describes the content of a particular section. For ease and precision of reference, the Scheme titles are repeated as section headings in the text.

Appendix

Certain forms of local legislation are not of a nature suitable for inclusion in the main body of the Code but are of such significance that their application is community-wide or their provisions are germane to the conduct of municipal government. The Appendix of this Code is reserved for such legislation and for any other material that the community may wish to include.

Index

The Index is a guide to information. Since it is likely that this Code will be used by persons without formal legal training, the Index has been formulated to enable such persons to locate a particular section quickly. Each section of each chapter has been indexed. The Index will be supplemented and revised from time to time as new legislation is added to the Code.

Supplementation

Supplementation of the Code will follow the adoption of new legislation. New legislation or amendments to existing legislation will be included and repeals will be indicated as soon as possible after passage. Supplemental pages should be inserted as soon as they are received and old pages removed, in accordance with the Instruction Page which accompanies each supplement.

Be it enacted and ordained by the Borough Council of the Borough of South Greensburg, County of Westmoreland, Commonwealth of Pennsylvania, and it is enacted and ordained as follows:

§ 1-1. Approval, adoption and enactment of Code.

Pursuant to Section 1008(b) of the Borough Code [53 P.S. S 46008(b)], the codification of a complete body of ordinances and resolutions for the Borough of South Greensburg, County of Westmoreland, Commonwealth of Pennsylvania, as revised, codified and consolidated into chapters, Articles and sections by General Code Publishers Corp., and consisting of Chapters 1 through 163, together with an Appendix, are hereby approved, adopted, ordained and enacted as a single ordinance of the Borough of South Greensburg, which shall be known and is hereby designated as the "Code of the Borough of South Greensburg," hereinafter referred to as the "Code."

§ 1-2. Effect of Code on previous provisions.

The provisions of this Code, insofar as they are substantively the same as those of ordinances and resolutions in force immediately prior to the enactment of this ordinance, are intended as a continuation of such ordinances and resolutions and not as new enactments, and the effectiveness of such provisions shall date from the date of adoption of the prior ordinance or resolution. All such provisions are hereby continued in full force and effect and are hereby reaffirmed as to their adoption by the Borough Council of the Borough of South Greensburg, and it is the intention of said Borough Council that each such provision contained within the Code is hereby reenacted and reaffirmed as it appears in said Code. Only such provisions of former ordinances as are omitted from this Code shall be deemed repealed or abrogated by the provisions of § 1-3 below, and only changed provisions, as described in § 1-6 below, shall be deemed to be enacted from the effective date of this Code, as provided in § 1-15 below.

All ordinances or parts of ordinances of a general and permanent nature adopted by the Borough of South Greensburg and in force on the date of the adoption of this Code and not contained in the Code are hereby repealed as of the effective date given in § 1-15 below, except as hereinafter provided.

§ 1-4. Ordinances saved from repeal; matters not affected by repeal.

The adoption of this Code and the repeal of ordinances provided for in § 1-3 of this ordinance shall not affect the following ordinances, rights and obligations, which are hereby expressly saved from repeal; provided, however, that the repeal of ordinances pursuant to § 1-3 or the saving from repeal of

§ 1-13. Altering or tampering with Code; penalties for violation.

It shall be unlawful for anyone to improperly change or amend, by additions or deletions, or to alter or tamper with the Code or any part or portion thereof, in any manner whatsoever, which will cause the law of the borough to be misrepresented thereby. Anyone violating this section of this ordinance shall, upon conviction thereof, be liable to the maximum penalty provided by law.

§ 1-14. Severability.

The provisions of this ordinance and of the Code adopted hereby are severable, and if any clause, sentence, subsection, section, Article, chapter or part thereof shall be adjudged by any court of competent jurisdiction to be illegal, invalid or unconstitutional, such judgment or decision shall not affect, impair or invalidate the remainder thereof but shall be confined in its operation and application to the clause, sentence, subsection, section, Article, chapter or part thereof rendered. It is hereby declared to be the intent of the Borough Council that this ordinance and the Code would have been adopted if such illegal, invalid or unconstitutional clause, sentence, subsection, section, Article, chapter or part thereof had not been included therein.

§ 1-15. Effective date.

ARTICLE XII

Termination or Amendment of Plan

§ 35-32. Plan termination or amendment.

- A. The borough may amend, curtail or terminate this plan at any time; provided, however, that no amendment affecting the trustee shall be made without its consent (other than an amendment having the effect of termination of the plan); nor shall any amendment be made which will in any manner divert any part of the fund to any purpose other than the exclusive benefit of members or their beneficiaries (except upon termination such diversion may be made after all of the fixed and contingent liabilities to members and their beneficiaries have been met); nor shall any amendment be made at any time which will in any manner divest any benefit then vested in a member.
- B. In the event of termination of this plan, the Council shall allocate the assets then remaining in the fund, to the extent that such assets are sufficient, to members and retired members in an amount equal to their respective member account balances reduced in the cases of retired members by any prior distributions made to them.
- C. After allocation of the funds, the Council shall determine whether to operate the fund as the source of whatever payments the money so allocated will provide.

ARTICLE XIII

Miscellaneous Provisions

§ 35-33. Miscellaneous provisions.

- A. No benefit under this plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge or encumbrance, nor to seizure, attachment or other legal process for the debts of any member or any member's beneficiary. This provision shall not apply to a "qualified domestic relations order" defined in Code Section 414(p), and those other domestic relations orders permitted to be so treated by the Council under the provisions of the Retirement Equity Act of 1984. The Council shall establish a written procedure to determine the qualified status of domestic relations orders and to administer distributions under such qualified orders. Further, to the extent provided under a "qualified domestic relations order," a former spouse of a participant shall be treated as the spouse or surviving spouse for all purposes under this plan.
- B. Any person dealing with the trustee may rely upon a copy of this plan and any amendments thereto certified to be a true and correct copy by the trustee.
- C. Anything heretofore contained in this plan to the contrary notwithstanding, it is the intention of the borough that any action herein provided to be taken by the trustee shall be taken only in accordance with written instructions of the Council given in such detail as to preclude the exercise by the trustee of discretion in the performance thereof.
- D. Under no circumstances, whether upon amendment or termination of this plan or otherwise, shall any part of the fund be used for or diverted to any purpose other than the exclusive benefit of members or their beneficiaries until all of the actuarial obligations to

such members or members' beneficiaries have been met.

- E. If the Council deems any person incapable of receiving benefits to which he is entitled by reasons of minority, illness, infirmity or other incapacity, it may direct the trustee to make payment directly for the benefit of such person, to the guardian or trustee of such person whose receipt shall be a complete acquittance therefore. Such payment shall, to the extent therefore, discharge all liability of the borough, the trustee and the fund.
- F. Should any provision of this plan be determined to be void by any court, the plan will continue to operate and, to the extent necessary, will be deemed not to include the provision determined to be void.
- G. Headings and captions provided herein are for convenience only and shall not be deemed part of the plan.
- H. This plan shall be construed and applied under the laws of the Commonwealth of Pennsylvania where not in conflict with federal laws which shall prevail.
- I. All ordinances or ordinances or portions thereof inconsistent herewith are hereby repealed.

Part 2
Uniformed Employees Pension Plan
[Adopted 1-9-1995 as Ord. No. 94-7]

§ 35-34. Establishment of plan.

The Council of the Borough of South Greensburg hereby retroactively establishes the Police Pension Plan and Trust for the purpose of providing retirement and other benefits as of January 1, 1953.

§ 35-35. Definitions.

As used here, the words and phrases shown below shall have the meanings shown:

COMPENSATION — The gross monthly compensation paid to an employee averaged over his actual service before his actual retirement date but not over any period of such service in excess of the last sixty (60) calendar months.

EMPLOYEE — A person actively engaged by the contractholder on a regular, full-time permanent basis.

MEMBER — An employee eligible to participate in the benefits provided hereunder whose pension has not yet commenced.

PENSIONER — A former member (as defined) who has retired under the provisions of this contract and whose pension has commenced.

PENSION — The annuity purchased hereunder for a member.

RETIREMENT DATE — The date on which a member's pension commences or is due to commence under the terms of this contract.

CONTRACT YEAR — Any twelve-month period commencing with the effective date.

§ 35-36. Eligibility.

- A. Each person who is an employee, as defined herein, on the effective date shall become a member hereunder on that date.
- B. Each person who becomes employed or who is reemployed as an employee, as defined, subsequent to the effective date shall become a member immediately. **[Amended 5-9-1983 by Amdt. No. 2]**

§ 35-37. Retirement date.

- A. Normal retirement date. The normal retirement date of a member shall be the first day of the calendar month coincident with or next following attainment of age fifty-five (55). [**Amended 5-9-1983 by Amdt. No. 2**]
- B. Late retirement date. A member may elect, in writing, to defer his retirement date, provided that the contractholder's consent to make such election is first obtained. His late retirement date shall be the first day of any calendar month following his normal retirement date on which he actually retires from active service. To be effective, such election together with the written consent of the contractholder thereto must be filed with the company at its home office before the member's normal retirement date.

§ 35-38. Member contributions.

- A. No member contributions are required.
- B. Employer contributions will be equal to the municipality's share of the two-percent foreign casualty premium tax allocated each year by the commonwealth. Employer contributions shall be divided among the participants.

§ 35-39. Types of pension.

- A. The normal form of pension benefit shall be a monthly annuity payable for the lifetime of the pensioner.
- B. [**Amended 3-17-1984 by Amdt. No. 3, effective 1-1-1984**] In lieu of the normal form of pension payments provided for in Subsection A, a member may elect in writing at least sixty (60) days prior to his actual retirement date to receive benefits as follows:

- (1) An actuarially reduced monthly benefit equivalent to the life annuity under one (1) of the following optional forms of payment:
 - (a) A monthly annuity payable for the lifetime of the pensioner or for one hundred twenty (120) months certain, whichever is longer.
 - (b) A monthly annuity payable for the lifetime of the pensioner or for sixty (60) months certain whichever period is longer; or
- (2) Equal monthly payments for a period certain of five (5) years at a rate of eighteen dollars and twelve cents (\$18.12) per month for each one thousand dollars (\$1,000.) of equivalent present value of the normal form of pension payment provided for in Subsection A.

§ 35-40. Amount of pension.

The monthly amount of pension payable hereunder to a pensioner on his actual retirement date shall be equal to the amount which can be purchased for the member based on funds accumulated in his behalf, actual age at retirement and the type of pension payment elected as provided in § 35-39.

§ 35-41. Termination of employment, [Amended 5-9-1983 by Amdt. No. 1]

- A. If a member's employment is terminated or if he ceases to be an employee, as herein defined, before his normal retirement date, he shall immediately cease to be a member and shall not be entitled to any benefit under this contract other than a deferred vested benefit commencing at normal retirement for such an amount as his vested interest in the fund will provide.
- B. Vesting. If a member's employment is terminated or if he ceases to be an employee, as herein defined, for any

reason other than death, total and permanent disability or retirement, and he has completed at least six (6) months of service, he shall be vested in the full value of funds deposited in his behalf, and such vested interest will be retained in the fund and will be credited with the interest earnings until the employee's retirement date as herein set forth, at which time an annuity will be purchased in his behalf. In the event of a member's death or a member becoming totally or permanently disabled as the result of a service-connected injury, said member shall be vested in the full value of funds deposited in his behalf. Further, in the event of death of a member prior to his actual retirement date, his beneficiary will receive his vested interest in the fund as of the date of death. In the event of total and permanent disability of a member as stated herein, then said member shall have a right to have purchased on his behalf an annuity, payments of which shall commence at the time of said total and permanent disability.

- C. In the event that a third employee is added to this plan, the contract will be amended in order to comply with the provisions of Act 600. At that time money already allocated to participants will be fully vested.

§ 35-42. Death benefit.

- A. Upon death of a member prior to his actual retirement date, his beneficiary will receive his vested interests in the fund as of date of death. A death benefit of twenty thousand dollars (\$20,000.) will be provided under a separate contract. [**Amended 5-9-1983 by Amdt. No. 2**]
- B. The provisions of the type of pension purchased for a pensioner shall determine the death benefit, if any, payable with respect to the death of the pensioner.

§ 35-43. Deposit fund.

- A. The company will maintain a deposit fund under this contract which will be credited with deposits as they are paid to the company. The liability of the company to provide benefits or other payments hereunder is limited to the amount available in the deposit fund. Funds held under this contract shall be allocated to the individual members.
- B. The deposit fund shall be debited with the annuity considerations necessary to purchase pensions or make payments hereunder prior to partial termination of this contract.
- C. Administration charge. The amount of administration charge shall be a maximum of five percent (5%) of the normal cash flow in the fund, with a minimum charge of three hundred dollars (\$300.) per year. The charge will be deducted proportionately from the deposits made in behalf of the individual members.
- D. Interest. The deposit fund shall be credited at the end of each of the first five (5) contract years with interest at a rate of not less than four and one-half percent ($4\frac{1}{2}\%$) per annum. The decision of the company as to the method to be used in determining the interest credited shall be final and binding on all parties. Additional interest earnings as declared by the company Board of Directors may be added.

§ 35-44. Pension purchases.

- A. On a member's actual retirement date or on the normal date of retirement for a former member who is eligible for a deferred vested benefit, the total value of funds allocated to such member or former member shall be withdrawn from the deposit fund. Deposits and interest thereon shall be so withdrawn in the order in which they have been credited to the deposit fund (i.e.,

first-in-first-out method). **[Amended 5-9-1983 by Amdt. No. 2]**

- B. The amount of monthly normal pension purchased hereunder during the first five (5) contract years will be determined in accordance with Table I or IA attached hereto based on the pensioner's age and sex on the date as of which such pension is purchased. For pensions purchased after the first five (5) years but purchased entirely with monies deposited in the first five (5) years, the purchase rates will be determined in accordance with Table II or IIA attached hereto.

§ 35-45. Deposits. [Amended 5-9-1983 by Amdt. No. 1]

- A. The contractholder will make deposits to the deposit fund at such times and in such amounts as the company determines are necessary to fund the benefits provided under the terms of this contract, subject to the minimum and maximum limits stated in the following subsections. All deposits are payable at the home office of the company in Norristown, Pennsylvania, or to an authorized agent of the company.
- B. Minimum deposit. The total deposit in a contract year shall not be less than the amount necessary to prevent the unfavorable application of Ruling No. 57 (PS57) of the Pension Trust Division of the Internal Revenue Service or any extension of, modification of or substitutions of such ruling.
- C. Maximum deposit. The total deposits in a contract year shall not exceed the amount which is allowable under the Internal Revenue Code, as amended from time to time, and any applicable regulations and rulings thereunder, as a deductible contribution to a qualified pension plan, unless the company, in writing, otherwise agrees.

- D. Supplementary deposit. If at any time an amount to be withdrawn from the deposit fund as provided hereunder exceeds the amount then in such fund, there will be immediately due the company from the contractholder, to be credited to such fund, a supplementary deposit in an amount to be determined by the company.
- E. Grace period. A grace period of thirty-one (31) days will be allowed for the payment of any minimum deposit or supplementary deposit after the date of notification by the company that such deposit is due.
- F. Suspension of payment. Subject to the provision of Subsection B, the contract holder may, upon filing written notice with the company, suspend the payment of a deposit for a period not in excess of one (1) year. The company may agree in writing to extend any such suspension for further periods of not more than one (1) year.

§ 35-46. Partial termination.

- A. Partial termination of this contract shall occur when:
 - (1) The contract holder gives written notice of partial termination. In such event such partial termination shall be effective on the date stipulated by the contract holder, or on the date the notice is received by the company, if later.
 - (2) The company gives written notice to the contract holder of partial termination as a result of the contract holder having failed to pay a deposit on its due date or within the grace period allowed therefor; in which event, such partial termination shall be effective as of the date of such written notice.
 - (3) The contract holder notifies the company, or the company becomes aware, that there are only

pensioners remaining under the plan, in which event such partial termination shall be effective on a date determined by the company.

- (4) The contract holder does not assent to a modification of this contract initiated by the company as hereinafter provided, in which event such partial termination shall be effective on the date the company intended such modification to be applicable.

B. Effect of partial termination. On and after partial termination, no deposits will be payable to or accepted by the company. The amount then in the deposit fund shall be accounted for under either the purchase option or the liquidation option, as the contract holder may elect. If the contract holder fails to elect either option within one (1) month after termination, the purchase option shall be deemed to have been elected by the contract holder.

C. Purchase option.

- (1) If the purchase option becomes effective, there shall first be withdrawn from the deposit fund any administration charge not yet debited as hereinbefore provided.
- (2) The balance of the deposit fund will then be applied to purchase pensions for members in accordance with the individual allocations of the fund made pursuant to § 35-43A. The type of pensions purchased for members will be determined by the contract holder in a nondiscriminatory manner. Immediately commencing pensions will be purchased for Class I, and deferred pensions with payments thereunder commencing at normal retirement date will be purchased for Class II.

- (3) The classes are as follows:
 - (a) Class I: members eligible to retire who have not yet done so.
 - (b) Class III: all other members.
- (4) The member with respect to whom a pension is purchased under the purchase option shall have vesting in such pension whether the pension is immediate or deferred.
- (5) The annuity considerations for purchase under the purchase option shall be computed on the same actuarial basis as used to compute pensions purchased immediately prior to partial termination, save that the annual interest rate used in such computations shall be reduced by one percent (1%).

D. Liquidation option.

- (1) If the liquidation option is elected by the contract holder, there shall be first withdrawn from the deposit fund any administration charge not yet debited as hereinbefore provided. Within six (6) months after the date of partial termination, the company will pay not less than ninety percent (90%) [if such date of partial termination occurs during the first five (5) contract years] and ninety-five percent (95%) thereafter of any remaining balance in the fund to such insurance carrier or fiduciary designated by the contract holder as the new agency through which the benefits of the plan are to be disbursed.
- (2) However, the company, in lieu of making payment in a lump sum, may elect to liquidate such amount by making annual payments of at least fifty thousand dollars (\$50,000.) over a period of not more than five (5) years in which event interest at the rate of three percent (3%) per annum,

compounded annually, will be credited on the unpaid balance. Such payment or payments shall be in lieu of all rights and benefits under this contract.

§ 35-47. Data to be furnished to the company.

- A. The contract holder, members and pensioners shall furnish the company all information reasonably necessary for the company to administer this contract, including, without limiting the generality of the foregoing, proof of age and proof of death of any member, pensioner or payee and proof that a payee is living when payment is contingent upon survival of such payee.
- B. The contract holder shall make available for inspection by the company any records maintained by the contract holder which may pertain to the coverage of a member or pensioner hereunder.
- C. The contract holder's determination of facts regarding the status of any member with respect to employment shall be conclusive for the purpose of this contract.

§ 35-48. General provisions.

- A. Misstatements and adjustments. If it shall be found that the age, sex or any other relevant fact with respect to a member, pensioner or contingent annuitant has been misstated, the amount of annuity considerations or benefits, or both, payable by or to the company shall be equitably adjusted to what would have been payable on the basis of the correct information.
- B. Entire contract. This contract and the contract holder's application (a copy of which is attached hereto) shall constitute the entire contract between the parties. No amendment shall be valid unless signed by the

President, a Vice President or the Secretary of the company, and no agent or other person has the authority to waive or amend any provisions hereof. Any statements in any application hereunder shall be deemed representations and not warranties, and no statement shall be used as a defense to a claim unless contained in a written application.

- C. Modification of contract. This contract may be modified in any respect at any time by written agreement between the contract holder and the company. On the fifth anniversary of the effective date or on any anniversary date thereafter the company, upon forty-five (45) days' advance notice in writing to the contract holder, may change, vary or modify any or all terms of this contract, provided that any such change shall not affect the amount or terms of a pension purchased hereunder before its effective date.
- D. Individual certificates. The company will issue to the contract holder an individual certificate for delivery to each pensioner which will in no way void or alter any of the terms of this contract but will describe the pensioner's pension.
- E. Proof of pensioner's survival. If within five (5) years of a pensioner's retirement date the company does not receive at its home office proof satisfactory to it that the pensioner was living on his retirement date, it shall conclusively be presumed that he died on the day before his retirement date.
- F. Facility of payment. If any payee entitled to benefits thereunder is for any reason incapable of giving a valid release for any benefits due, the company, at its option and until claim is made by the duly appointed committee or guardian of such payee, makes payments to such person or party which appears to the company to have assumed the custody of principal support of such payee. Payment in the above manner shall release

the company from all further liability to the extent of all benefits so paid.

- G. Small pensions. If the monthly payments of any pension purchased hereunder are less than ten dollars (\$10.), the company reserves the right to pay the actuarial equivalent of such pension payments in one (1) sum.
- H. Incontestability. The validity of this contract shall not be contested, except for the nonpayment of deposits after it has been in force one (1) year from its date of issue.
- I. Assignability. This contract is not assignable without the consent of the company. Except as provided by law, rights of a payee may not be assigned, altered or transferred or made subject to legal process for payment of the payee's debts.
- J. Sex and number. Unless the context indicates otherwise, the plural shall include the singular and the masculine shall include the feminine, where used in this contract.
- K. Complete termination of contract. This contract shall terminate as of the first day upon which all the obligations of the company hereunder have been fulfilled.

§ 35-49. Contract provisions.

- A. Beneficiary.
 - (1) The member may designate a beneficiary or change his designation of beneficiary from time to time by written request filed with the contract holder or at the home office of the company. No such designation or change of beneficiary shall take effect unless so filed, but if filed it will be effective as of the date the request was signed, whether or not the member is living at the time of

such filing, but any payment made by the company prior to receipt of such request at its home office shall fully discharge the company to the extent of such payment.

- (2) Except as may be otherwise specifically provided by the member:
 - (a) If any designated beneficiary predeceases the member, the interest of such beneficiary shall terminate and any amount which would have become payable to such beneficiary, if living, shall be payable equally to the remaining designated beneficiary or beneficiaries, if any, who survive the member; and
 - (b) If there is no designated surviving beneficiary or if no beneficiary has been designated at the death of the member, payment shall be made to the member's widow or widower, if surviving the member; if not surviving the member, in equal shares to the member's children who survive the member; if none survives the member, to the member's parents, equally or to the survivor; if neither survives the member, in equal shares to the member's brothers and sisters who survive the member; or, if none survives the member, to the member's executors or administrators.
- (3) If any beneficiary is a minor or otherwise incapable of giving a valid release for any payment due, the company may, at its option and until claim has been made by a legally appointed guardian or committee of such beneficiary, make payment of the amount payable to such person or institution as has, in the opinion of the company, assumed the custody and principal support of such beneficiary. The company shall be discharged from all liability to the extent of such payments and shall not be

responsible for the application of any amount so paid.

- B. Assignment. No payee hereunder may assign any payment due to him from the company. Any payment due a payee from the Company will be exempt from the claims of creditors of the payee. If the provisions of this Subsection B are contrary to the law governing in a particular circumstance, then, as to that circumstance, the payment will be exempt to the maximum extent permitted by law.

In addition to the requirements of § 72-8, and where deemed necessary by the Borough of South Greensburg Engineer and the Planning Commission, or the Borough of South Greensburg Council, the applicant shall submit with the plan a detailed drainage study prepared by a registered professional engineer qualified in hydrology in the Commonwealth. This study shall include:

1. A plan of the property showing the location of all present and proposed ditches, streams, pipes and other drainage structures, and proposed cuts and/or fills. In addition to showing present elevations and dimensions, and location and extent of all proposed grading and/or drainage, the plan shall clearly indicate all woodlands, buildings, parking areas and driveways.

Further, the plan shall indicate the present and proposed sources, storage and disposition of water being channeled through or across the premises, together with elevations, gradients, and maximum flow rates. The plan shall describe the work to be performed and disposition of cut and/or fill, the materials to be used and the manner or method of performance including provisions for protecting and maintaining existing drainage facilities whether on public or private property. The applicant shall also supply the supporting data for the plan as developed by the engineer.

2. Calculations to determine runoff, which shall be based on the Soil-Cover Complex Method, a description of which is available from the U.S.D.A. Soil-Cover Complex Method, a description of which is available from the U.S.D.A. Soil Conservation Service and outlined in the "Erosion and Sediment Control Handbook, Westmoreland County, Pennsylvania."
- A. The design criteria for storm sewer piping on inlet systems within a subdivision being developed shall be designed for a 25-year frequency storm; culverts across roadways shall be designed for a 50-year frequency storm; open watercourses or swales shall be designed for a 100-year frequency storm as prescribed in accordance with the following:
 - (1) The coefficient of runoff used for all areas upstream of any drainage structure shall be computed on the basis of existing land use and the projected land use described and shown on the Borough of South Greensburg Comprehensive Plan, and adjacent

municipalities' comprehensive plans, where applicable.

- B. The following provisions apply to the carrying and disposal of storm water runoff:
- (1) All drainage facilities shall be designed to carry surface water in such a manner as to prevent erosion or overflow.
 - (2) The applicant shall agree to the granting and recording of easements covering the installation and maintenance of drainage facilities.
 - (3) The rate of runoff shall be no greater during and after a 100-year frequency storm when the development is completed than that which existed before the development began and appropriate measurements of calculations shall be provided to verify such provisions.
3. A soils investigation report, if load-bearing fill is proposed, which shall consist of test borings, laboratory testings and engineering analysis to correlate surface and subsurface conditions with the proposed grading plan. The results of the investigation shall be presented in a report by a registered professional soils engineer and shall include: data regarding the nature, distribution and supporting ability of existing soils and rocks on the site, conclusions and recommendations to insure stable soil conditions and ground water control as applicable. The Borough of South Greensburg may require such supplemental reports and data as is deemed necessary. Recommendations included in such reports and approved by the Borough of South Greensburg shall

be incorporated into the plan or specifications. In addition:

- A. Fills toeing out on natural slopes steeper than four (4) horizontal to one (1) vertical shall not be made unless a report is received which is deemed acceptable to the Borough of South Greensburg Engineer and approved by the Borough Council. An approved automatic fire suppression system shall be required and installed in all hoods and connecting hoods and duct systems when used in conjunction with fry and cooking operations in food preparation centers within any occupancy except individual dwelling units. Such fire suppression systems shall provide surface protection for all cooking appliances and equipment that may be a source of ignition in or under the hood. Portions of the fire suppression system may be excluded from duct systems that are equipped with an approved grease consuming appliance or fume incinerator if approved by the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.B.).

§ 82-3. Existing unprotected operations. [Amended by Ord. No. 2000-06 on 5-8-2000, effective 5-8-2000.]

§ 82-4. Nonconforming existing systems. [Amended by Ord. No. 2005-07 on 4-11-2005, effective 4-11-2005.]

Automatic safe shutoff valves, remote manual pull stations, surface protection or extended surface protection shall be required by the Regional Code Administrator for Central

Westmoreland Council of Governments (C.W.C.O.G.) on any existing automatic or nonautomatic fire suppression system when said system does not conform to the provisions of this chapter and when additional protection is deemed necessary by the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.) for the safety and protection of the operation, the occupants or the operator.

§ 82-5. Ventilating hoods. [Amended by Ord. No. 2005-07 on 4-11-2005, effective 4-11-2005.]

The Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.) may require the installation of a ventilating hood and duct over cooking appliances when said appliances create or add to a potential fire hazard. Ventilating hoods and ducts shall be installed and maintained in conformance with the requirements set forth in the applicable provisions under the Uniform Construction Code.

§ 82-7. Plans and specifications. [Amended by Ord. No. 2005-07 on 4-11-2005, effective 4-11-2005.]

Plans and specifications for the installation, extension, modification, alteration or removal from service of any automatic fire suppression system shall be submitted to the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.) and approval shall be secured prior to the commencement of any work.

§ 82-8. Matters covered. [Amended by Ord. No. 2005-07 on 4-11-2005, effective 4-11-2005.]

The plans and specifications shall show in sufficient detail all pertinent features and clearances of appliances, including size, location and type of cooking appliances, the type of fuel used, the capacity of the extinguishing system, the construction, location and sizes of hoods, ducts and stacks or flues, the location of exhaust fumes, manual pull stations, cylinders, safety shutoff valves and portable fire extinguishers and piping, fusible link and nozzle layout. A copy of the manufacturer's specification literature and a copy of any testing laboratory report covering the proposed system shall accompany all applications. When field conditions necessitate any substantial change from the approved plan, the corrected as-installed plans shall be submitted to the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.).

§ 82-9. Approval of installation. [Amended by Ord. No. 2005-07 on 4-11-2005, effective 4-11-2005.]

The completed system, including automatic fuel shutoff valves and switches, shall be tested by qualified personnel as required by the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.). These tests shall be adequate to determine that the system has

been properly installed and will function as intended. A cooking appliance shall not be placed into service or reactivated until a final inspection is made and acceptance approval is given by the Regional Code Administrator for Central Westmoreland Council of Governments (C.W.C.O.G.).

§ 82-10. Violations and penalties.¹

Any person, firm or corporation who shall violate any provision of this chapter shall, upon conviction thereof, be sentenced to pay a fine of not more than one thousand dollars (\$1,000.) and costs of prosecution and, in default of payment, to imprisonment for a term not to exceed thirty (30) days. Every day that a violation of this chapter continues shall constitute a separate offense.

- § 83-8. Voluntary opt out/Indemnification and hold harmless.**

[HISTORY: Adopted by the Borough Council of the Borough of South Greensburg 8-8-2011 as Ord. No. 2011-08.]

§ 83-1. Purpose.

The Council of the Borough of South Greensburg hereby finds that the lack of a high speed, common key secured entry system in those structures herein defined: (i) impedes access by firefighters and other emergency service personnel; (ii) unreasonably extends response times; (iii) results in the increased risk of damage to property and harm to the residents of the Borough of South Greensburg; and (iv) poses a threat to the public health, safety and welfare. The purpose of this

Chapter is to require owners of commercial properties, churches and certain multi-family dwellings to provide rapid entry key box systems to enable firemen and other emergency personnel to have immediate access to commercial properties, churches and/or residential dwellings which do not have immediate access by way of an outside entry.

§ 83-2. Definitions.

- A. **Common Key Rapid Entry Key Box** A fireproof and secure box or other structure affixed to the outside of a required structure, approved for use by the Council of the Borough of South Greensburg, containing keys for entry of all units within the required structure and having a single-entry key in common with all other entry boxes in the Borough of South Greensburg.
- B. **Required Structure** - Any structure required to have a common key rapid entry key box pursuant to the terms of this Ordinance. A "required structure" for purposes of this Ordinance shall be deemed to include, but be limited to, all commercial buildings housing a commercial enterprise within the Borough of South Greensburg regardless of the zoning classification in which it is located, all churches, a residential dwelling unit which does not have an independent exterior entry through a ground level door and any multi-family dwelling having a unit or units accessed through a common hallway or entryway. Nothing in this Ordinance shall be deemed or construed to prohibit the owners of other property within the Borough voluntarily to install a common key rapid entry key box pursuant to the terms of this Ordinance.

§ 83-3. Implementation.

The owner of any required structure shall install and maintain a common key rapid entry key box on the exterior of the structure at or near a common entry door, in a location approved in writing by the South Greensburg Borough Volunteer Fire Department, to provide access to interior units by the South Greensburg Borough Fire Department and/or other emergency service personnel. Such key box shall be installed on the required structure upon any change in occupants of any commercial structure or the change in occupants of any dwelling unit within a required residential structure. The foregoing notwithstanding, all required structures shall cause such key boxes to be installed no later than February 1, 2012.

§ 83-4. Box Type and Responsibility for Cost and Expense.

The type of common key rapid entry key box installed shall be approved by the South Greensburg Borough Volunteer Fire Department and have a common entry key in common with all other common key rapid entry key boxes within the Borough. The cost, as reasonably determined by the Borough of South Greensburg, of acquisition and installation of the common key rapid entry key box shall be paid by the owner of the required property.

§ 83-5. Access Keys.

The owner of any required structure shall provide, place and keep copies of keys to the required structure and all units within the required structure in the common key rapid entry key box and shall clearly label each key with the door and number of each unit such key opens and/or serves. The South

Greensburg Borough Volunteer Fire Department shall obtain the common key for the box from the manufacturer of same.

§ 83-6. Violations.

The failure of the owner of any required property to install a common key rapid entry key box when required to do so under this section, or to maintain keys for individual units within the required structure as set forth herein, shall be a violation of this Section and subject the violator to those penalties set forth hereafter.

§ 83-7. Penalties.

Any person who violates the provisions of this Ordinance shall, upon being found liable therefore in a judicial proceeding commenced by the Borough, be subject to a civil judgment of THREE HUNDRED and 00/100 (\$300.00) DOLLARS. All court costs, cost of prosecution, including the Borough's attorneys' fees and expenses, incurred in prosecution, shall be assessable in addition to any judgment entered. Each day that the condition giving rise to the entry of judgment continues to exist five (5) days after the date the initial judgment is entered, shall constitute a separate offense and be subject to those judgments, penalties, costs and expenses referenced herein.

In addition to the penalties contained herein, the Borough may, at its discretion, initiate any other action at law or in equity to compel the owner of a required structure to install the common key rapid entry key box contemplated by this Ordinance. In the event such other proceedings are initiated, all court costs, cost of prosecution, including the Borough's attorneys' fees and expenses, incurred in prosecution, shall be assessable in addition to any judgment, award or verdict entered. Such fees, costs and expenses may thereafter be

collected by the Borough through any action at law or in equity, including, but not limited to the filing and prosecution of a municipal claim against the property.

§ 83-8. Voluntary opt out/Indemnification and hold harmless.

Should the owner(s) of any required structure elect not to comply with this Ordinance, such noncompliance shall not be considered a violation of this Ordinance, and no penalties or costs shall be incurred, but only if all of the following requirements are met within thirty (30) days' written notice provided by the Borough of South Greensburg:

- A. Such opt-out is transmitted in writing to the Borough of South Greensburg by the owner(s) or any duly authorized representative thereof; and
- B. The owner(s) of the required structure executes an indemnification and hold harmless agreement in favor of the Borough of South Greensburg, such agreement covering any and all injury to property and persons and in a form and substance satisfactory to the Borough of South Greensburg; and
- C. The owner(s) of the required structure provided proof in writing to the Borough of South Greensburg that the owner(s) has notified its fire insurance carrier of such opt-out.

ARTICLE I
Statutory Authorization

§ 86-1.

The Legislature of the Commonwealth of Pennsylvania has, by the passage of the Pennsylvania Flood Plain Management Act of 1978, delegated the responsibility to local governmental units to adopt floodplain management regulations to promote public health, safety, and the general welfare of its citizenry. Therefore, the Council of the Borough of South Greensburg does hereby order as follows.

ARTICLE II
Definitions

§ 86-2. Intent.

The intent of this Ordinance is to:

- A. Promote the general health, welfare, and safety of the community.
- B. Encourage the utilization of appropriate construction practices in order to prevent or minimize flood damage in the future.
- C. Minimize danger to public health by protecting water supply and natural drainage.

- D. Reduce financial burdens imposed on the community, its governmental units, and its residents, by preventing excessive development in areas subject to flooding.
- E. Comply with federal and state floodplain management requirements.

§ 86-3. Applicability.

- A. It shall be unlawful for any person, partnership, business or corporation to undertake, or cause to be undertaken, any construction or development anywhere within the Borough of South Greensburg unless a Permit has been obtained from the Floodplain Administrator.
- B. A Permit shall not be required for minor repairs to existing buildings or structures.

§ 86-4. Abrogation and greater restrictions.

This ordinance supersedes any other conflicting provisions which may be in effect in identified floodplain areas. However, any other ordinance provisions shall remain in full force and effect to the extent that those provisions are more restrictive. If there is any conflict between any of the provisions of this Ordinance, the more restrictive shall apply.

§ 86-5. Severability.

If any section, subsection, paragraph, sentence, clause, or phrase of this Ordinance shall be declared invalid for any reason whatsoever, such a decision shall not affect the remaining portions of the Ordinance, which shall remain in

full force and effect, and for this purpose the provisions of this Ordinance are hereby declared to be severable.

§ 86-6. Warning and Disclaimer of Liability.

The degree of flood protection sought by the provisions of this Ordinance is considered reasonable for regulatory purposes and is based on acceptable engineering methods of study. Larger floods may occur or flood heights may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. This Ordinance does not imply that areas outside any identified floodplain areas, or that land uses permitted within such areas will be free from flooding or flood damages.

This Ordinance shall not create liability on the part of the Borough of South Greensburg or any officer or employee thereof for any flood damages that result from reliance on this Ordinance or any administrative decision lawfully made there under.

ARTICLE III Administration

§ 86-7. Designation of the Floodplain Administrator.

As applicable, the Zoning Officer of the Borough of South Greensburg is hereby appointed to administer and enforce this ordinance and is referred to herein as the Floodplain Administrator.

- B. Prior to the issuance of any permit, the Floodplain Administrator shall review the application for the permit to determine if all other necessary government permits required by state and federal laws have been obtained, such as those required by the Pennsylvania Sewage Facilities Act (Act 1966-537, as amended); the Pennsylvania Dam Safety and Encroachments Act (Act 1978-325, as amended); the Pennsylvania Clean Streams Act (Act 1937-394, as amended); and tire U.S. Clean Water Act, Section 404, 33₅ U.S.C. 1344. No permit shall be issued until this determination has been made.
- C. In the case of existing structures, prior to the issuance of any Development/Permit, the Floodplain Administrator shall review the history of repairs to the subject building, so that any repetitive loss issues can be addressed before the permit is issued.
- D. During the construction period, the Floodplain Administrator or other authorized official shall inspect the premises to determine that the work is progressing in compliance with the information provided on the

permit application and with all applicable municipal laws and ordinances. He/she shall make as many inspections during and upon completion of the work as are necessary.

- E. In the discharge of his/her duties, the Floodplain Administrator shall have the authority to enter any building, structure, premises or development in the identified floodplain area, upon presentation of proper credentials, at any reasonable hour to enforce the provisions of this ordinance.
- F. ARTICLE IV

Identification of Floodplain Areas

§ 86-17. Identification.

The identified floodplain area shall be any areas of the Borough of South Greensburg, classified as special flood hazard areas (SFHAs) in the Flood Insurance Study (FIS) and the accompanying Flood Insurance Rate Maps (FIRMs) dated March 17, 2011, and issued by the Federal Emergency Management Agency (FEMA) or the most recent revision thereof, including all digital data developed as part of the Flood Insurance Study.

The above referenced FIS and FIRMs, and any subsequent revisions and amendments are hereby adopted by the Borough

of South Greensburg and declared to be a part of this ordinance.

§ 86-18. Description and special requirements of identified floodplain areas.

The identified floodplain area shall consist of the following specific areas:

A. Floodway Area

1. Description - the area identified as Floodway in the FIS which represents the channel of a watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation by more than one (1) foot at any point.

This term shall also include floodway areas which have been identified in other available studies or sources of information for those special floodplain areas where no floodway has been identified in the FIS.

2. Special Requirements:
 - a. Any encroachment that would cause any increase in flood heights shall be prohibited.
 - b. No new construction or development shall be allowed, unless a permit is obtained from the Department of Environmental Protection Regional Office.

B. Special Floodplain Area

1. Description - the areas identified as Zones AE and A1-30 in the FIS which are subject to inundation

by the 1-percent-annual chance flood event determined by detailed methods and have base flood elevations (BFEs) shown.

2. Special Requirements:
 - a. No new construction or development shall be located within the area measured fifty (50) feet landward from the top-of-bank of any watercourse, unless a permit is obtained from the Department of Environmental Protection Regional Office.
 - b. In Special Floodplain Areas without a designated floodway, no new development shall be permitted unless it can be demonstrated that the cumulative effect of all past and documented, planned development will not increase the BFE by more than one (1) foot.

C. Approximate Floodplain Area

1. Description - the areas identified as Zone A in the FIS which are subject to inundation by the 1-percent-annual-chance flood event determined using approximated methodologies. Because detailed hydraulic analyses have not been performed, no BFEs or flood depths are shown.
2. Special Requirements:
 - a. No new construction or development shall be located within the area measured fifty (50) feet landward from the top-of-bank of any watercourse, unless a permit is obtained from the Department of Environmental Protection Regional Office.

- b. When available, information from other Federal, State, and other acceptable sources shall be used to determine the BFE, as well as a floodway area, if possible. When no other information is available, the BFE shall be determined by using a point on the boundary of the identified floodplain area which is nearest the construction site in question.

In lieu of the above, the municipality may require the applicant to determine the elevation with hydrologic and hydraulic engineering techniques. Hydrologic and hydraulic analyses shall be undertaken only by professional engineers or others of demonstrated qualifications, who shall certify that the technical methods used correctly reflect currently accepted technical concepts. Studies, analyses, computations, etc., shall be submitted in sufficient detail to allow a thorough technical review by the Borough of South Greensburg.

D. Shallow Flooding Area

1. Description - the areas identified as Zones AO and AH in the FIS. These areas are subject to inundation by 1-percent-annual-chance shallow flooding where average depths are between one and three feet.
2. Special Requirements - Establish drainage paths to guide floodwaters around and away from structures on slopes.

§ 86-19. Changes in Identification of Area.

The identified floodplain area may be revised or modified by the Borough Council where studies or information provided by a qualified agency or person documents the need for such revision. However, prior to any such change, approval must be obtained from the FEMA. Additionally, as soon as practicable, but not later than six (6) months after the date such information becomes available, a community shall notify the FEMA of the changes by submitting technical or scientific data

§ 86-20. Boundary Disputes.

Should a dispute concerning any identified floodplain boundary arise, an initial determination shall be made by the Borough of South Greensburg Planning Commission and any party aggrieved by this decision or determination may appeal to the Borough Council. The burden of proof shall be on the appellant.

ARTICLE V Technical Provisions

§ 86-21. General.

A. Alteration or Relocation of Watercourse.

1. No encroachment, alteration, or improvement of any kind shall be made to any watercourse until all adjacent municipalities which may be affected by such action have been notified by the municipality, and until all required permits or approvals have been first obtained from the Department of Environmental Protection Regional Office.

2. No encroachment, alteration, or improvement of any kind shall be made to any watercourse unless it can be shown that the activity will not reduce or impede the flood carrying capacity of the watercourse in any way.
 3. In addition, the FEMA and Pennsylvania Department of Community and Economic Development shall be notified prior to any alteration or relocation of any watercourse.
